The screenshot displays an event card in an administrative interface. At the top left, the word "ADMIN" is prominently displayed. Below it, a section titled "INFORMATION ABOUT EVENT" contains a row of status buttons: "DRAFT" (purple), "LIVE" (green), "SCHEDULED" (teal), "PAST" (light blue), "CANCELED" (red), and "ARCHIVED" (grey). An arrow points from the "LIVE" button to a larger "LIVE" button on the event card itself. The event card features a profile picture of a man, the date and time "MON, JUN 12, 10:00 AM", and the event title "An Evening with Fauda TV star Lior Raz" by "NEXTGen Detroit". To the right of the event card, there are buttons for "TEST EVENT" (pink), "PRIVATE URL" (pink), and "PRIVATE LIST" (pink). Below these are buttons for "LOCATION" (location pin), "VIRTUAL" (speech bubble), and "HYBRID" (location pin and speech bubble). On the left side of the event card, there are several price-related buttons: "FREE", "STARTING AT FREE", "\$10 CAD", "FROM \$10 CAD", "FROM \$10", and "FROM \$10.33 CAD". The event card also displays "SOLD \$35200" and "TICKETS 11265/111265". A note in green text says "For too long numbers use abbreviation with 'k'", with an arrow pointing to the "TICKETS" value. Below the event card, there are buttons for "PAID TICKETED" (blue), "NOT YET ON SALE" (teal), "ON SALE" (green), "ON HOLD" (orange), and "SOLD OUT" (red). At the bottom, there are buttons for "ALL FREE" (blue), "NOT YET AVAILABLE" (teal), "REGISTRATION OPEN" (green), "ON HOLD" (orange), and "REGISTRATION CLOSED" (grey). Arrows from the annotations point to the "LIVE" button, the "PRIVATE URL" button, the "FROM \$50" button, and the "NOT YET ON SALE" button.
