

Co-hosted Events

Jlive makes it easy to add additional co-hosts to your events.

When creating an event, on Step 1 – Event Details, you can now add additional Co-Hosts to your event. Admins at the Co-host organizations have the ability to manage the event, manage attendees, and download reports.

Organizer

The host organization for this event is [William Davidson Foundation](#).
You can add additional co-hosts below.

Additional Co-hosts

Co-host Organizations

Co-hosts have the ability to manage the event, manage attendees, and download reports.

Your co-hosts

Temple Israel
1234 Mainstreet, West Bloomfield MI

Temple Kol Ami
1234 Walnut Lake, West Bloomfield MI

Individuals viewing the Event Page will now see all co-host logos.

Organized by

Note:

Only the primary host, will see data from co-hosted events on their Organization Dashboard.
