

Creating Admin Users

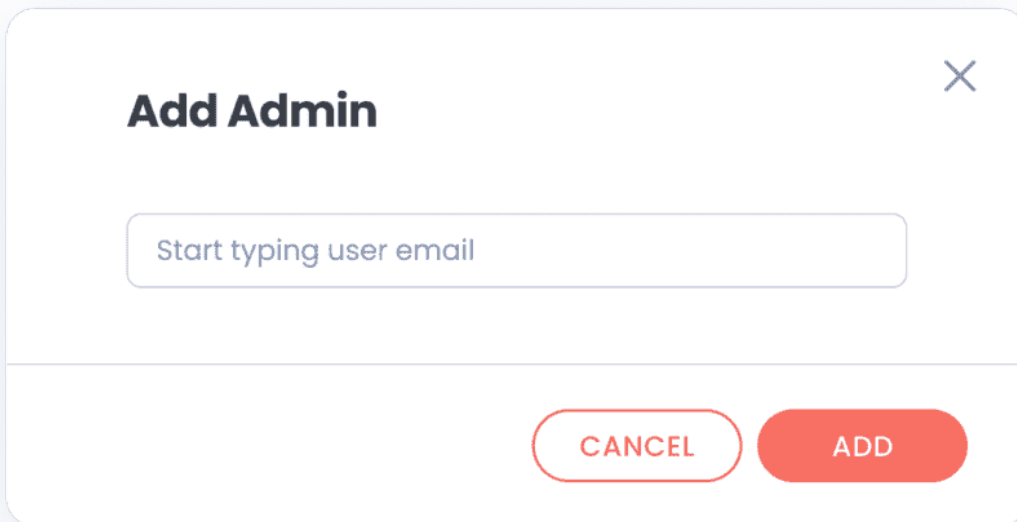

As a Jlive Super Admin, you have the ability to create Admins for specific organizations.

1. Visit: jlive.app/admin/mange/admins
2. Click Add Admin button

ADD ADMIN

3. Enter the email address for the person and either choose from an existing Admin User or Create a New User.

Add Admin ×

Start typing user email

CANCEL ADD

4. If you have to Create a New User, then enter their Email, First Name, Last Name, Primary City and agree to our Terms and Privacy Policy.

NOTE

We will soon be making sure that they individual themselves is the one agreeing to the Terms, so in the meantime please separately inform them that by using our platform they agree to our [Terms of Service](#) and [Privacy Policy](#).
