

# Create Organization Profile

## Visit the Edit Organization Profile page.

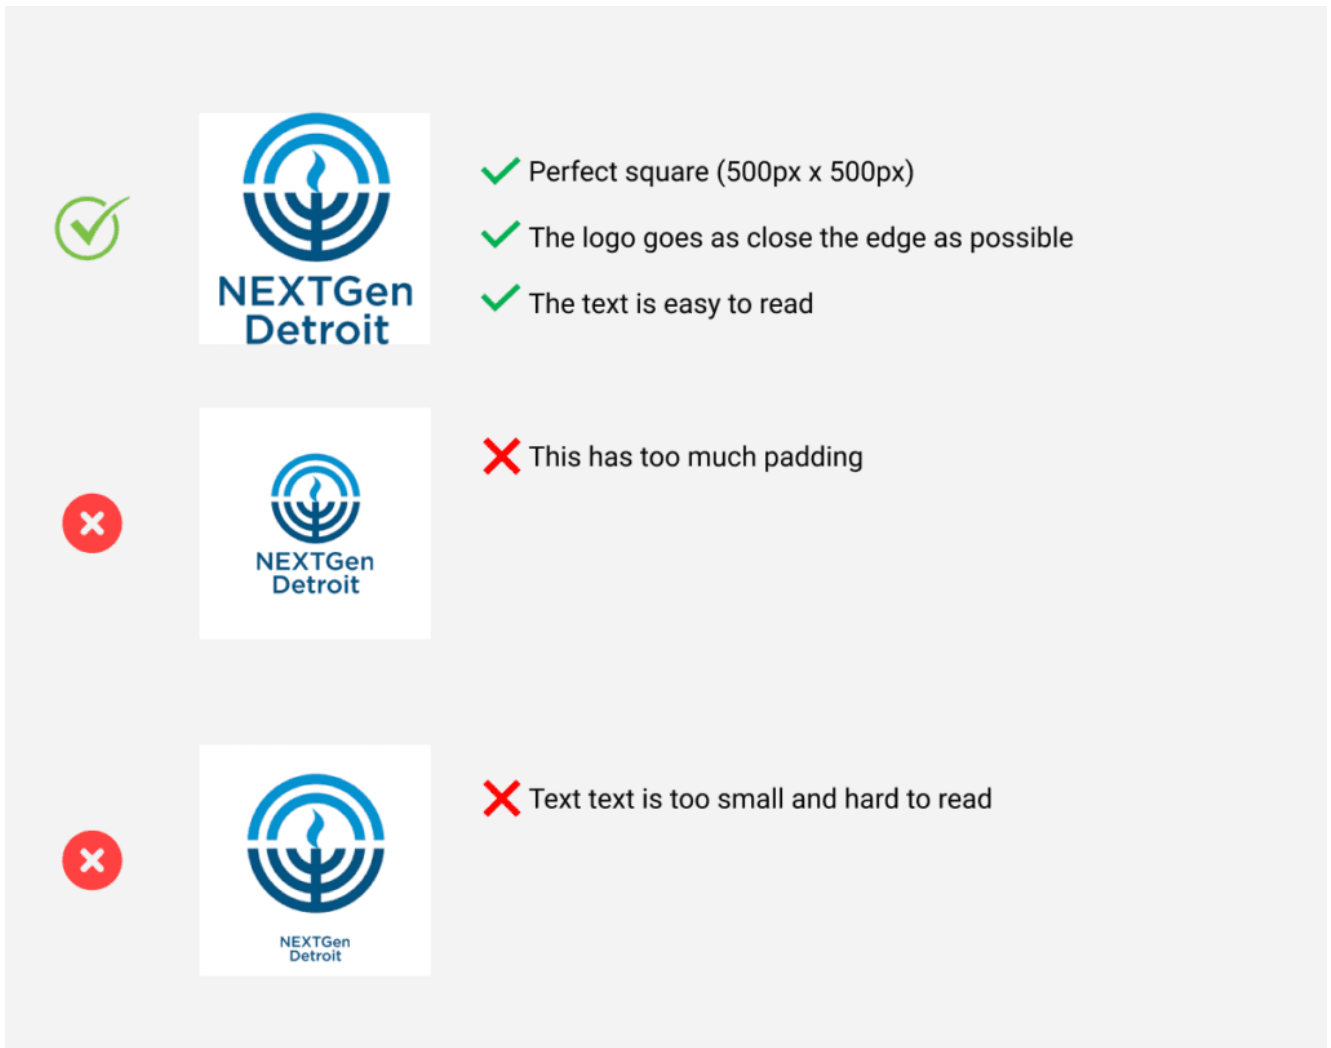

Click on Org Profile in the left navigation.

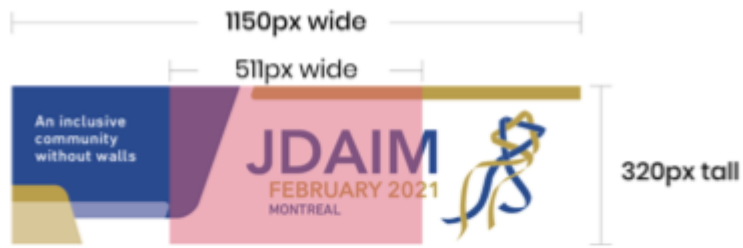

## Add Logos and Hero Image

Logo should be 500x500px png or jpg with no side padding.

*If you want to e-mail us a logo to help with this, feel free to send it to [info@jlive.app](mailto:info@jlive.app). A vector such as an .EPS .AI. or .SVG is preferred, but a .PNG or .JPG could probably work too.*

Currently we crop our org-hero images on mobile devices.  
So to ensure that the image looks good on mobile, here is how it should be cropped.

**Here is an example of an Organization Profile page.**

## Stories that bring us together/Connect with families just like yours

If you love cuddling up with your kids and reading together, you will love PJ Library! Being part of PJ Library means that your children will each get a FREE book (age-appropriate and beautifully illustrated) or gift in the mail every month, centered around Jewish values, holidays, and traditions. You will love them just as much as they do! Being part of PJ Library is about more than just receiving books, though. It's about strengthening Jewish identity, and connecting our community's Jewish families through special events and programming. Whether you're raising your Jewish children in an affiliated, unaffiliated, interfaith, or non-traditional household, anyone between birth through 8 years old is welcome to participate! To sign up 8.5 to 12 year olds, join our PJ Our Way program.
