

Pay Later / Pay Offline

Pay Later

Organizations can allow people to Pay Later and still checkout and get their tickets. No money will be collected during the checkout and the Order will be marked as Not Yet Paid.

On Create Event - Step 2 Tickets, Admins can enable offline payment.

The image shows a 'Ticket Settings' panel with the following sections:

- Ticket Settings** (with a gear icon and subtitle 'Set Ticket Fees, Button Text and Promo code')
- Button Text**: A dropdown menu with 'Sign-Up' selected.
- Fee Options**: A dropdown menu with 'Host pays fees' selected, and a note 'Buyer doesn't see or pay fees' below it.
- Promo code**: A checkbox labeled 'Enable Promo Code to make event FREE.' which is unchecked.
- Use 3rd party link**: A checkbox labeled 'Enable people to get tickets on a 3rd party website.' which is unchecked.
- Offline Payment** (highlighted with a red box): A checkbox labeled 'Allow offline payment' which is unchecked, with a subtitle 'People can checkout, register and get tickets without making immediate payment'.
