

# Test Paid Events on Staging Environment

## Jlive Admins Only

This is for Jlive Super Admins Only since it requires the use of our Staging Environment

## Create Event with Paid Tickets

1. Login to the Staging Environment <https://web.jlife-stg01.net/> using [jlivesuperadmin@jlife.app](mailto:jlivesuperadmin@jlife.app)

To access Magic Link, login to <https://mailtrap.io/inboxes/849175/messages>

## [Read More](#)

2. Create event with Paid tickets

## Buy Tickets to the event

1. Visit the event page you created and buy tickets.
2. If ticket is \$1 then you can try to use your personal credit card
3. If ticket is more than \$1, then please use a test credit card with a valid expiration date in the future, and any random CVC number

Card	Number	CVC
No authentication (default U.S. card):	4242 4242 4242 4242	3 digits
Authentication required	4000 0027 6000 3184	3 digits
AMEX	3782 822463 10005	4 digits
Canada	4000 0012 4000 0000	

4. Check to see that you received the tickets via email and it looks correct

*(this is not yet built)*

5. Check to see that you received a Receipt PDF and in looks correct
6. Try again to buy tickets using some of the error credit cards from [this](#)

[page](#) or below:

<b>Card</b>	<b>Number</b>	<b>CVC</b>
Card Declined	4000 0000 0000 0002	3 digits
Card Expired	4000 0000 0000 0069	3 digits
Incorrect CSC	4000 0000 0000 0127	4 digits
